MISSION

In collaboration with staff, community, parents and students,
the Marlington Local School District will:

Develop lifelong learners who understand and apply knowledge, and demonstrate excellence in pursuing the highest standards, both personal and academic. To this end, we will consistently engage in the thoughtful assessment of student progress toward meeting high standards with effective intervention to challenge every student.

VISION

A tradition of excellence, a commitment to the future.

SPECIAL SERVICES

Gifted

The Marlinton Local School District is committed to identifying and supporting appropriate services for children of advanced abilities in grades K-12.

Special Education

Specially designed instruction provided to meet the unique needs of a student with a disability.

Intervention (Response to Intervention - RtI)

RtI is a systematic approach to academic and behavioral intervention that provides early assistance to children who are experiencing difficulty learning.

Counseling & Supportive Services

Child and Adolescent Behavioral Health (C&A): Counseling and Therapy Services: We offer a variety of psychological counseling services to children and their families to assist them in overcoming difficulties. Individual, group and family counseling is available at all elementary school buildings, the Alliance office and in home settings.

HEALTH AND WELLNESS/ STUDENT WELL-BEING

CARE Teams

These teams are a collaboration of county and district resources to improve the quality of life of children in our district by helping at-risk children stay in school and become self-sufficient and productive in the work force. The program assists students, and their families, overcome obstacles that could prevent the students from obtaining an education. These services, offered within the school setting, are easily accessible for families and are part of the student's daily routine.

We have CARE teams in all of our buildings. CARE teams help utilize resources available within the school building or educational community to meet the needs of the child.

Our CARE team staff meets regularly in a confidential setting to discuss any struggles that our students have. These struggles could include academics, behavior, emotional, social, and others.

Parents/Guardians give consent to for their child to receive any support services that the CARE team suggests.

STEM

Marlington is developing a career tech Engineering program that applies engineering, science, math, and technology to solve complex, open-ended problems in a real-world context. Student focus on the process of defining and solving a problem, not on getting the "right" answer. They learn how to apply STEM knowledge, skills, and habits of mind to make the world a better place through innovation.

MOULIN COMMUNITY CENTER

The Moulin Center features two (2) full length basketball courts, one (1) full size wrestling room, complete weight room with cardio machines, indoor track and batting cages. The Moulin Center is open to the public during the week. Dates and hours of operation are available on our district website.

DISTRICT-WIDE EVENTS

Community Day

An annual event held at the high school before one of the home football games. This event is open to all families in the Marlboro, Lexington and Washington communities. Those who attend can enjoy carnival games, inflatable attractions, food, live entertainment and more.

Duke Melee

An annual DuKe 5k Melee & Obstacle Challenge hosted by the Marlinton Local School District as part of the Ohio Challenge Series by Subway. All proceeds benefit the district's technology fund.

Farm to School Program

Marlington recently received a grant from the Ohio Department of Education (ODE) to help initiate the Farm to School program. This program connects schools with local farms by bringing fresh, nutritious foods from local schools and cafeterias.

TECHNOLOGY

ELEMENTARY SCHOOL TECH INTEGRATION

At the elementary level, each of our three buildings utilize iPads at various grade levels using multiple educational apps. Each classroom is also equipped with a Smart Board. At our elementary schools, students in second through fifth grade use 1-to-1 technology in science and social studies to meet the needs of the 21st-century learner.

Washington Elementary also hosts the LEGO Club, an after-school program that runs four times a month and focuses on STEM initiatives. The program partners with University of Mount Union engineering students to help promote the importance of STEM at the elementary level.

MIDDLE SCHOOL 1-TO-1

Marlington Middle School is moving toward an instructional method called blended learning, which integrates online content with face-to-face class activities in a planned, valuable manner. To support blended learning, Marlington placed iPads in the hands of every sixth, seventh and eighth-grade student through a mix of district dollars and fundraising efforts.

Proficient use of the iPad is both necessary for our students to stay competitive and allows our educators to provide more options for different learning styles. In addition, the iPad provides a way to integrate online content with traditional classroom activities and provide digital content that is engaging and challenging.

DUKES DIGITAL ACADEMY: MARLINGTON TRADITION REIMAGINED

An online tuition-free program for students in grades 6-12 who need a non-traditional learning environment. Students have the opportunity to receive a Marlington High School diploma upon graduation while being monitored and assisted by highly qualified teachers. In addition, students can attend school in a supervised lab setting or complete assignments at home.

Students in the Dukes Digital Academy can still participate in all Marlington Local Schools' extracurricular activities.

CAREER TECHNICAL EDUCATION

With Marlington Local School District's Career Technical Education programs, high school students can experience hands-on learning with the opportunity to receive college credit. All of these programs take students out of the classroom and put them in real-world scenarios to better prepare them for college and careers.

MARLINGTON HIGH SCHOOL

10450 Moulin Ave.
Alliance, Ohio 44601

330.823.1300

Sam Pepper, Principal

John Spondyl, Assistant Principal

Rhonda Wutrick, Secretary

GOAL

Create a partnership with our families in helping all students succeed in preparing for their future. Marlinton High School recognizes that the academics, arts and athletics create a well-rounded individual prepared for success in any career choice.

PHILOSOPHY

Our professional staff is dedicated to creating a culture where all students can learn at a high level. The history of success is only possible by the collective contributions made by our staff, student body, parents and community.

CAREER TECH PROGRAMS

College Tech Prep Accounting I & II

Students learn about the accounting process while working with the latest technology in the classroom.

Horticulture Greenhouse Production and Floriculture

In the Horticulture program, students are able to earn college credit hours. This will help students interested in pursuing a career in Horticulture or any other field to get a jump start on their education.

Landscaping & Turf Grass Management

Marlinton's Introduction to Landscaping program is a two-year commitment that offers students the opportunity to receive six credits all while gaining real-world experience.

Natural Resources

The Natural Resources "classroom" consists of 40 acres of woods, 40 acres of land lab and five ponds, all of which are under student management throughout this program.

Oil and Gas Technologies

The Oil and Gas program is one of the first of its kind to be developed in Ohio. The program works in partnership with gas and oil industry leaders to provide necessary training to high school juniors and seniors.

ACTIVITIES/CLUBS

- Academic Challenge
- Art Club
- Care Team
- Character Counts
- Destination Imagination
- Drama Dukes
- Duke Pound
- FFA
- Interact
- Junior Achievement
- Link Crew
- National Honor Society
- Ohio Means Jobs Career Planning
- Robotics
- SADD
- Ski Club
- Student Council
- Teen Court
- Youth for Christ

ADVANCED PLACEMENT (AP)

AP classes give students the opportunity to earn college credit while in high school. Marlinton offers the following AP classes:

- English 11 AP
- Physics AP
- Art AP
- French AP
- Calculus AP

STEM PROGRAMS

Marlington Launched the Project Lead the Way (PLTW) Engineering program for the 2015-2016 school year. The program is part of the district's Career Technical Education, helping prepare students for the workforce. The high school offers the following PLTW courses:

- Introduction to Engineering
- Principles of Engineering
- Digital Electronics

CLEP COLLEGE-LEVEL EXAMINATION PROGRAM

This program offers 34 different tests that measure a student's knowledge of introductory college material that was learned prior to taking that course in college, helping students:

- Earn college credit
- Save time
- Graduate sooner
- Save money
- Use time saved to do other things

COLLEGE CREDIT PLUS (CCP)

College Credit Plus is an opportunity for students to earn FREE college credit while still in high school. Participating students are enrolled in both college and Marlington High School, and will earn college and high school credit upon the successful completion of the course.

CCP courses include:

- Precalculus
- Statistics
- General Psychology
- Entrepreneurship
- General Sociology
- Game Design
- Computer Applications for Professionals
- Blueprint Reading
- Intermediate Spanish I
- Intermediate Spanish II
- Honors Survey of American History

ARTS

- Band
- Chorus
- Drama Dukes

FOREIGN LANGUAGE

- =Success

PTO (PARENT/TEACHER ORGANIZATION)

PTO is a great opportunity for parents to help students be successful, and raise money for student incentives and activities. All of the money raised through the PTO is used toward our schools and students. We invite parents to join our monthly meetings and participate in classroom activities. Contact your building's main office for more information on the PTO in your school.

About the District

ABOUT MARLINGTON LOCAL SCHOOLS

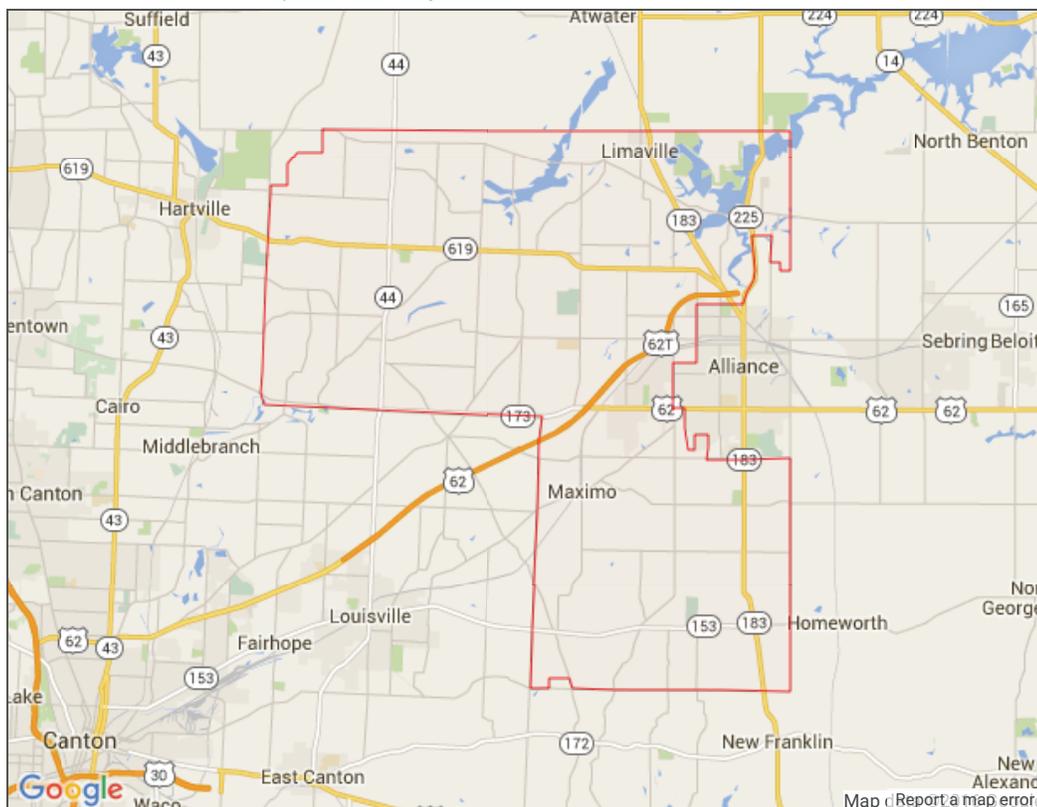

The Marlinton Local School District is located in Alliance, Ohio, and is comprised of three townships: Lexington, Marlboro and Washington. With an average enrollment of approximately 2,500 students, Marlinton has a graduation rate of 92%.

Marlinton is a rural school district, set amid acres of picturesque farmland. The district capitalizes on its rural roots and provides students learning opportunities in horticulture, landscaping, natural resources and oil and gas. The district also works with local farmers to provide farm-to-school meal options for students.

Although the district is set in the country, it is only minutes away from a variety of shopping, dining, lodging and state-of-the-art medical facilities. It is also less than a half hour away from the Akron-Canton Airport.
