RttT Monthly Board and Community Update

1. March 12th the middle school and Marlboro data teams will meet to develop building strategic plans. The schools completed the Decision Framework protocol developed by the State. The goal of the release day will be to select goals and create a building plan.
2. Our professional development plan was approved by the State of Ohio. We are in the beginning stages of planning next year's professional development. The PD related to RttT topics will include, value- added report analysis, standards work and additional data analysis.
