

**Marlington  
Local Schools**

## WHAT IS TITLE I?

Title 1 is a federal program that provides funding to local school districts to improve the academic achievement of disadvantaged students, or students who come from low-income families, are in foster homes, are neglected or delinquent, or who live in families receiving government assistance. Schools that qualify for funding are automatically enrolled in the program.

The purpose of Title I is to build and foster the development of a school-parent partnership to help all children achieve the state's high standards.

Marlington Local Schools is committed to the development of lifelong learners who understand and apply knowledge, and demonstrate excellence in pursuing the highest standards, both personal and academic. For more information, please visit [www.marlingtonlocal.org](http://www.marlingtonlocal.org).

**TITLE I**

## What Does This Mean For Me As A Parent?

- ✓ **YOUR RESPONSIBILITIES AS A PARENT ARE:**  
Ensure your child is at school every day and on time
- ✓ Volunteer when possible and/or observe your child's classroom
- ✓ Attend parent-teacher conferences
- ✓ Provide your child with a time and place to do homework and see that the homework is completed
- ✓ Respond to communications from your child's teachers  
By consistently doing all of the above, we can work together to ensure your child's academic success.

## What Does This Mean For My Student?

Different grade levels have different needs. Pullout programs and individual instruction usually happens daily in the lower levels. Inclusion or in-class instruction is used in the upper grades with an occasional pullout. This means your child may be receiving extra help in reading and/or math in addition to what his or her classroom teacher is providing.

Marlington Local Schools will serve students with the greatest need in grades k-8 who are struggling in reading and math. Students' progress is monitored regularly. Students who enter the district mid-year will complete the state diagnostic assessment, STAR testing and progress monitoring tools.

## Who Will My Student Work With?

### **DEBBIE TRUAX**

Debbie has been a Title Tutor for five years. She works with a variety of different age groups with students in first through fifth grade.

### **AMY WITTENSOLDNER**

Amy has been a Title Tutor for 14 years. She works with students on their reading and math skills.

### **RACHEL FARR**

Rachel is returning to be a Title Tutor for her second year. She will be working with all grades first through fifth.

### **ALISHA GRAY**

Alisha is also a second year Title Tutor. She works with students in kindergarten through third grade.
