3. A good coach will strive to be fair and consistent. These are two things players respect in a coach.

6. Be prepared when you report to practice - have a written practice plan.
7. All coaches should see as many games in your sport program as possible. Show all athletes that you are interested.
8. Show loyalty to the Marlington Athletic Program, its players and its coaches. Take every opportunity to point out the positive things.
9. Coaches should have a proper blend of praise and criticism in dealing with their players.

10. No athlete should be dismissed from the squad without the approval of the varsity head coach in that sport and then, only after following due process.

11. Young athletes are easily influenced; if they are not shown enthusiasm by the coaches, they will not be enthusiastic.

12. Game and season statistics must be kept for each sport and turned in at season end review.

### **3.02 PUBLICITY:**

It is the responsibility of each coach to contact the newspapers and radio stations with the results of their contests. He/she may designate someone to call in the report. Usually the home team is responsible for reporting. The coach should also make sure results of their contests are announced over the P.A. to the students. Announcements should be emailed to [s\\_miller@marlingtonlocal.org](mailto:s_miller@marlingtonlocal.org), and [t\\_costoff@marlingtonlocal.org](mailto:t_costoff@marlingtonlocal.org).

## **SECTION 4.00 – REQUIRED FORMS FOR COACHES**

### **4.01 EMERGENCY MEDICAL FORMS**

1. Each coach responsible for a team must have each participant complete an online emergency medical form prior to participation. These forms should be signed electronically by the parent/guardian and filed with the coach where he has immediate access in case of injury.

2. These forms must be taken to all away games and scrimmages. No athlete, manager, statistician or cheerleader should be permitted to practice, play in a game or scrimmage or travel with the team without the medical form completed and on file with the coach.

### **4.02 PHYSICAL EXAMS:**

1. OHSAA requires a physical exam each year of high school competition. Physicals are valid for 13 months.

2. No athlete will be permitted to begin practice or competition without a physical exam form signed by the parent/guardian and placed on file by the head coach. It is the coach's responsibility to make sure each athlete has a physical exam form on file.

3. Physical exam paperwork and medical consent forms; and athletic participation forms should be kept on file in the athletic administrator's office.

4. Expense of the physical examination is the responsibility of the parent/guardian.

### **4.03 INSURANCE AND WAIVERS:**

1. Insurance for athletes is available for parents/guardian to purchase. The athlete must either purchase the school insurance or be insured by the parent's/guardian's insurance to participate in athletics. These waivers are included in the pre-participation forms and must be filled out with all other information for student-athletes to be eligible to compete.

### **4.04 TEAM ROSTERS:**

It is the responsibility of the head coach to give the athletic administrator, no later than two weeks prior to the first game, a roster of all the members of his/her team. The roster should include all information that the coach wishes listed in the game program -- if there is a game program for that sport. This information should include name, height, grade level, and jersey numbers. The names will be used in determining eligibility lists.

If a player is added to the team during the season the head coach must notify the athletic administrator so that an eligibility form can be established.

#### 4.05 TRANSFERS/NEW PLAYERS:

Coaches must notify the athletic administrator of any transfers or participants that did not attend the Marlington Local Schools the past school year prior to participation. Eligibility needs to be determined before student-athlete participates. All OHSAA eligibility rules apply.

#### 4.06 EQUIPMENT:

Players are responsible for all equipment issued. Each coach will make an inventory and mark all equipment issued at the beginning of the season, will collect same equipment after the season, and be responsible for billing any athlete for missing items.

## SECTION 5.00 – ELIGIBILITY

#### 5.01 ACADEMIC REQUIREMENTS:

Eligibility - In order to be eligible to participate in any interscholastic extracurricular activities, students in grades 7-12 must receive a passing grade in a minimum of five (5) one credit courses, or the equivalent, which counts toward graduation (BY LAW 4-4-1 of OHSAA Handbook). In addition, a student must achieve a grade point average of at least 1.5 during the previous nine weeks. If a student has below a 1.5 in the previous 9 weeks of the season and has passed a minimum of five (5) one credit courses, or the equivalent, the student-athlete will be given a specific academic coaching plan that must be followed in order to participate in games as determined by administration.

The eligibility or ineligibility of a student continues until the start of the fifth school day of the next grading period, at which time the grades from the immediately preceding grading period become effective.

EXCEPTION 1: Eligibility or ineligibility for the first grading period commences with the start of the fall sports season.

EXCEPTION 2: A student coming off the “ineligible status” may become eligible 24 hours after the mandatory grade reporting date (a date established by board policy which cannot be the same day as the end of the grading period) established by the board of education or other similar governing body for that school’s district, provided said grade reporting date is applicable to all students in that district. (BY-LAW 4-4-3 of OHSAA Handbook)

A student enrolled in the first grading period after advancement from the eighth grade must have passed a minimum of five of all subjects carried the preceding grading period in which the student was enrolled. (BY-LAW 4-4-4 of OHSAA Handbook)

A student enrolling in the seventh grade for the first time will be eligible for the first grading period regardless of previous academic achievement. Thereafter, in order to be eligible, a student in grade 7 or 8 must be currently enrolled and must have been enrolled in school the immediately preceding grading period and received passing grades during that grading period in a minimum of five of those subjects in which the student received grades. (BY-LAW 4 4-5 of OHSAA Handbook)

Summer school and other educational options may not be used to substitute for failure to meet the academic standards specified in Bylaw 4 during the last grading period of the school year. (BY-LAW 4-4-7 of OHSAA Handbook).

**5.02 INELIGIBLE ATHLETE:**

If an athlete is not eligible for a sport season on the basis of his/her prior nine week's scholastic work, he/she may not play, dress, or participate in games, previews, or scrimmages in any way during the entire period of ineligibility except for normal daily practice. The head coach may or may not permit the ineligible athlete to practice.

**5.03 GENERAL ELIGIBILITY:**

See Athletic Administrator for any questions regarding eligibility issues for OHSAA.

## **SECTION 6.00 – INJURY PROCEDURE**

**6.01 ATHLETIC INJURY POLICY:**

1. Emergency First Aid - The trainer and/or coach will administer emergency first aid as needed by the athlete.
2. In the event the injury is of a more serious nature or the injured athlete must be transported to a hospital, every attempt should be made to contact the parent/guardian listed on the emergency medical form and inform them of the situation.
3. The hospital listed on the emergency medical form is the hospital to which the injured athlete should be transported in the event the parent/guardian cannot be contacted.
4. Contact the emergency ambulance service for transporting the athlete.
5. Notify the athletic administrator and/or the principal and the athletic trainer of the action taken that evening or immediately the next morning.
6. Documentation -- as soon as possible a school injury report form should be completed and placed on file in the athletic trainer's office. This is required for all injuries where medical attention is needed.
7. All head coaches must review the action plan for handling injuries/emergencies in their sport. It shall be shared with all levels of their supervised sport.

## **SECTION 7.00 – ATHLETIC CODE OF CONDUCT**

**7.01 REASONABLE CONDUCT ATHLETIC PARTICIPATION**

Student participation in athletics is a privilege, not a right. Students that wish to participate in an athletic program must be willing to accept the guidelines, rules, and responsibilities set forth by the school and the coach of that sport. Athletes can be suspended or removed from teams/squads for general misconduct, which includes but is not limited to insubordination, repeated absenteeism, fighting, sexual misconduct, negative/apathetic attitude, unsportsmanlike conduct, inappropriate language or gestures, destruction of school property, police arrests and any inappropriate behavior in public domain, etc. Also recognizing the varying degrees of severity, types of misconduct and an athlete's previous record of conduct, each situation will be considered individually. This policy is in effect 365 days, 24 hours per day

Student athletes must be aware that all school, team, and OHSAA conduct policies are in effect at games, practices, and on any school transportation for athletic participation. The conduct code applies to game officials, auxiliary personnel, security, maintenance, game workers, etc., as well as coaches and administration.

**7.02 DENIAL OF PARTICIPATION/CODE OF CONDUCT VIOLATIONS:**

The board of education believes that participation in extra-curricular activities, events, teams and programs, is a privilege.

The following procedures are hereby established to govern the same in the Marlington Local School District:

1. Actions and decisions shall be determined as to appropriateness in accordance with adopted rules and regulations and procedures relative to the activity as well as within the sound discretion of the staff persons and/or administrators supervising the program.

In situations where actions involve both curricular and extra curricular activity, judgments would be separated as to domain where possible, but with the understanding that the building administrator shall make appropriate rulings as to domain when a conflict exists. Denial of participation may be for part or all of the remainder of the activity(s) for the current school year. (In accordance with Board Policy: 5610.05)

**7.03 QUITTING A TEAM:**

Any athlete who decides to quit a team must notify the head coach and return all equipment issued to him/her. Any athlete who quits a team is not permitted to begin practicing or playing with another Marlington team or off-season conditioning program during that sport season unless mutually agreed to by both coaches involved and the athletic administrator.

**7.04 STUDENT ACTIVITY DRUG, (INCLUDING STEROIDS) ALCOHOL, TOBACCO USE/POSSESSION/DISTRIBUTION POLICY:**

Since the board of education, administration, activity advisors, coaches and activity directors believe that athletics and extra-curricular activities are a privilege for each participating individual, it is important that students, parents, and interested persons be aware of the necessary rules and regulations. These activities involve an extra dimension of voluntary participation and thus necessitate additional guidelines. Everyone should realize that the participant represents the Marlington Local School District in a very visible arena.

Each sponsor or coach must meet at the beginning of their activity year or season with both the parents and participants so that the rules and regulations, and procedures of discipline are discussed and understood. These rules and regulations are to be signed by the participant and parents and submitted to the responsible advisor or coach before the student may participate in any extra-curricular activity. *The following policy is effect 365 days per year 24/7.*

***Athletes shall not possess, use, or distribute any controlled or counterfeit substance including but not limited to narcotics, hallucinogens, alcohol, tobacco, steroids, marijuana, and/or any paraphernalia including but not limited to electronic cigarettes and/or any vapor device related to any of these substances.***

**A. First Offense:**

An athlete found in violation of this policy will be denied participation for 20% of the remaining scheduled contests (season or tournament) based on the number of regular season scheduled contests in that particular sport of primary rostered team. If the suspension does not cover the remainder of that sport season, said suspension will carry over into the next sport the athlete participates in. Athlete will enter "Substance Violation Measures" noted below, with the exception of a first-time tobacco violation.

**B. Second Offense:**

An athlete found in violation of this policy a second time will be denied participation in 50% of the scheduled contests of that sport (regular season and tournament) and will also be required to attend an intervention program in addition to the suspension to regain eligibility. Non-attendance of the intervention program will require a meeting with the athletic administrator and building principal before participating in athletic contests. A second violation will carry over to the next sport in which the athlete is participating, if suspension does not cover the remainder of said sport season. Athlete will enter "Substance Violation Measures" noted below.

### **C. Third Offense:**

An athlete found in violation of this policy for a third time in the same school year will be excluded from athletic participation one full year from the date of the third infraction. After the penalties for the third offense have been satisfied, any future offenses will then revert back to the first offense and progress from that point. Athlete will enter “Substance Violation Measures” noted below.

Note: Any athlete denied participation must finish said sport season in which they are serving suspension in order to meet suspension requirements. In suspension calculations mathematical rounding rules apply. (i.e.: .5 and above rounds to the next whole number, less than .5 rounds down to the previous whole number.)

### **Substance Violation Measures**

Athletes who are suspended for Athletic Policy 7.04 will be required to schedule an assessment at CommQuest in Alliance or another approved court ordered drug/alcohol center at the parent’s expense. This assessment will require a drug test and determination if an underlying issue exists. CommQuest will make recommendations, if needed, for further counseling. CommQuest will provide the Athletic Director with a signed release of satisfaction of completion of the assessment and its requirements for return to play.

The results of the assessment and/or drug test will not diminish or extend the suspension length. Should the assessment require further counseling, the athlete may return to play after original suspension as long as the athlete adheres to the requirements set by CommQuest.

## **7.05 SOCIAL MEDIA POLICY:**

Student-athletes and staff members are asked to use discretion when participating in social networking avenues. For good or for bad, you are always “on the clock” when it comes to representing Marlington and your programs.

Student-athletes are representatives of Marlington and are in the public eye more so than other students. Assume anything you post on your personal account could be read by Marlington’s staff, teammates, classmates, opposing teams, alumni, parents or other family members, media members, a current employer, future employers or coaches.

### **What is social media?**

- Social media connects people in various corners of the world, helping to build relationships through social interaction using highly accessible communication techniques
- Examples include Twitter, Facebook, YouTube, Vimeo, Instagram, Tumblr, LinkedIn, MySpace, Flickr, Foursquare and blogs

### **Best practices**

- Remember that the Internet is permanent
- Avoid posting offensive or inappropriate language, pictures, videos or comments
- Ensure content posted on these sites does not depict inappropriate or illegal activities
- Don’t post anything you wouldn’t say in a public forum when representing Marlington, or anything you wouldn’t say to the media
- Be in the right state of mind when you make a post - don’t post when you’re angry, upset, or your judgment is impaired in any way
- Check your privacy settings. It is recommended that the strongest security settings be used for Facebook, and that student-athletes have “protected tweets” on Twitter, wherein only approved followers will be able to view tweets
- Never post your home address, local address, phone number(s), birth date or other personal information. You could be a target of predators. For additional safety measures, it is recommended that student-athletes do not include their location in Facebook posts and tweets
- Understand that anything posted online is available to anyone in the world - any content placed online becomes the

property of the site(s) and is completely out of your control the moment it is placed online, even if you limit access to your page

- Ensure any information placed on the website(s) does not violate our athletic department or student codes of conduct
- Do not comment on athlete injuries, rosters, playbooks, game plans, officiating or any other team information that should be kept confidential

**Student-athletes could face discipline and even dismissal from the team for violations of this social media policy.**

**7.06 ABSENCE OF ATHLETE FROM SCHOOL:**

1. To participate in games or practice, an athlete must be in school for at least one half of the scheduled school day, (3 1/2 hours) that school day. A certified note from a medical professional will release an athlete for competition if they miss more than one half (1/2) day. The building principal must make any other approvals.
2. In the event of a Saturday contest and the athlete is absent all day Friday, athletes are permitted to participate unless the coach deems athlete is at risk physically or is being disciplined for some other reason.
3. Athletes who are under suspension or expulsion from school may not participate for the duration of the suspension or expulsion. This applies to practices, games, or any other team activity.

**7.07 EARLY DISMISSAL OF ATHLETES:**

Our basic athletic department philosophy is that we should attempt to minimize the frequency which missing of school is needed. However, on special situations and circumstances, the need may be there, so please use the following format to fulfill this need.

1. No contracts for contests will be scheduled unless this is anticipated and approved by the principal and athletic administrator in advance. (This will avoid any last minute situations).
2. If unexpected or situational circumstances arise during the season, this should be brought to the athletic administrator's attention immediately, before any agreement or arrangements are made. The athletic administrator will make the final decision on any schedule changes.

**7.08 PROCEDURE FORMAT FOR EARLY DISMISSAL OF ATHLETES OR TEAMS:**

1. Obtain approval from athletic administrator.
2. Athletic administrator will contact principal and the transportation coordinator (if needed).
3. List of athletes and times needed excused should be turned into the athletic office by the coach a minimum of 48 hours in advance.

## SECTION 8.00 – TRANSPORTATION OF ATHLETES

**8.01 BUS AND VAN REQUESTS:**

It is the responsibility of the coach to notify the athletic administrator of the date, destination, and departure time if a bus or van is needed for a trip. Transportation request forms can be obtained from the athletic office and must be turned in to the athletic office at least a minimum of a month before the trip so the bus drivers can pick trips ahead of time. Trips that need to be scheduled on short notice should be requested at least five days prior to the trip if possible as per OAPSE contract. Capacity of the van is limited to seven (7) athletes plus the driver for a total of eight (8) people. If more than eight (8) participants are involved, then a bus must be requested. You must have a van endorsement to drive the school vans.

**8.02 BUS TRIPS:**

1. Coaches should check the departure times on the bus schedule that is provided, and make adjustments several days in advance if necessary.
2. Participants are to travel in the provided school transportation to all athletic contests and scrimmages. Exceptions are to be approved by the principal or athletic administrator in advance. A written request must be made by the parent/guardian in advance if unusual circumstances exist.
3. An athlete is not permitted to go home from a contest with anyone else except a parent/guardian. An exception may be made if written permission is given to the coach by the parent/guardian in advance.
4. No one other than players, coaches, managers, trainers, statisticians, cheerleaders, and other team personnel may ride the bus to games and scrimmages.
5. A coach has the responsibility of accompanying the team on the bus.
6. Proper bus conduct is expected at all times. The coach is responsible for bus conduct of his/her team at all times. The athletes will follow school district rules regarding bus riding.

## **SECTION 9.00 – CLINICS AND PROFESSIONAL MEETINGS**

**9.01 ATHLETIC CLINIC POLICY:**

It is the practice of the Marlington Athletic Department to encourage coaches to attend sports clinics, which will help them to become better prepared to coach, and thereby make a greater over-all contribution to the athletic program.

1. All requests to attend clinics must first be cleared with the athletic administrator. If it is scheduled on a day school is in session it must also be approved by the principal and superintendent.
2. All information received at the clinic should be shared with other coaches of that particular sport.
3. Marlington Local Schools will pay for clinic registration, preferably pre-registration. Hotel accommodations must also be pre-paid and payment will depend upon school finances and could change from year to year. Meals and other expenses will be paid from fundraiser accounts, booster clubs, or personal payment.
4. Each coach regardless of the number of sports coached is limited to two professional days per school year.

## **SECTION 10.00 – BUDGET/FINANCES/ PURCHASING POLICY**

**10.01 ATHLETIC PURCHASING POLICY:**

**WALTER C. HEADLEY AWARD**

Each sport has the opportunity to nominate one member. This member should be endorsed, and presented by the head coach of that sport. Naturally the most valuable player award winners probably should merit a priority since they reflect the approval of their teammates and the support of their coaching staff. However, this does not have to hold true since the final selection for any representative is left up to the judgment of the head coach of that particular sport.

The following criteria should be strongly considered in placing an athlete up for consideration:

1. Attitude towards team.
2. Positive character traits.
3. Competitive spirit.
4. Desire, drive, and determination to excel.
5. Willingness to cooperate with teammates and coaching staff.
6. The example this person sets for teammates.
7. Attitude toward his school and in the classroom.

8. Overall school behavior should be above question by teachers and administration.

A special athletic council meeting is called to nominate the candidates for this award to be voted on by the coaches.

Each coach may elaborate on his nomination, if he so wishes, prior to the voting. At the May 16th, 1997 meeting of the athletic council, it was voted on and passed that the procedure for voting on the Walter Headley candidate is as follows: A coach may vote for the athlete that they nominate. Also, each coach present gets one vote regardless of the number of varsity sports they coach. The winner will be announced at the awards assembly. The winner will receive a trophy or plaque with his name inscribed on it and his name will be placed on the permanent plaque, which commemorates this award.

**HOWARD KITZMILLER MEMORIAL ATHLETIC SCHOLARSHIP**

In 1979 the Marlinton Athletic Booster Club asked for and received from the board of education permission to establish the Howard Kitzmiller Memorial Athletic Scholarship Fund. The sponsoring group will determine the amount of money. This award will be presented annually at the awards assembly to a senior boy or girl athlete meeting the qualifications.

To be eligible to receive the scholarship, the applicant must be a graduating senior boy or girl who has earned a varsity letter in two separate sports during his/her senior year. They must submit the name of the institution they are planning to attend and notify the assistant principal in charge of awards of their acceptance by the institution to be able to receive the first half of the scholarship monies. The second half will be sent upon the notification of registration for the second quarter or semester. Advanced training may be at a technical school, four-year institution or in nurses training.

A selection committee consisting of the athletic administrator, the principal in charge of awards and the high school counselors will screen the applicants and make the decision as to the winner of the scholarship.

The following criteria will be used by the committee in the selection process:

1. The best athlete
  - A. Number of sports participated in.
  - B. Number of years of participation in each sport.
  - C. Number of letters earned in each sport.
  - D. Awards or honors received during their high school athletic career.
2. School citizenship
3. Grade point average

**12.03 OPEN GYM:**

The Marlinton High School gym and the Moulin Community Center are available for off-season workouts. These workouts must be supervised by the coaching staff. The coach who desires the use of the gym has the responsibility of scheduling the workouts through the athletic administrator, then supervising them.
