The State of Ohio requires school districts to screen all students for superior abilities in ten areas. Screening is generally done by examining standardized test scores or accepting referrals. Then, additional assessments must be done to determine how we can best meet the needs of the student. Your child's teacher would like to gain more information about his/her ability and achievement.

No assessments can be given without your written permission. Please read the information below and return this form to Stephanie Rosselli at Marlington Special Services Building as soon as possible. You may mail it or give it to a building secretary who will return it through the school courier. If you have any questions, you can reach Stephanie, the gifted coordinator, at s_rosselli@marlingtonlocal.org.

I DO NOT give my permission for the Marlington Local Schools to screen/assess my child for possible Gifted Identification.
