Snow Day (Reading)

Read the story then answer the questions below.

## Snow Day!

I woke up for school and saw snow on the ground. I thought I would be late so I hurried downstairs. Mom told me we had a snow day!

My brother and I got dressed, ate, and went outside to play. We made snow forts, threw snowballs at each other, and made snow angels. My brother wanted to make a snowman.

We piled snowballs on top of each other making our snowman's body. Then we added stones for his eyes. Mom gave us a carrot to use for the nose and grapes for his mouth. We found small pinecones for his buttons.

When we were done, we went inside to get warm and drink hot chocolate! Yum!
